

DAKAR

MODULAR SOFA

In today's world, this model is a true style icon. Its design is inspired by the idea of relaxation: deep seats, soft cushions, and perfect back support — all inviting long evenings spent in comfort.

DAKAR MODULAR SOFA

DK9 Lf.+DK2+DK0 R.

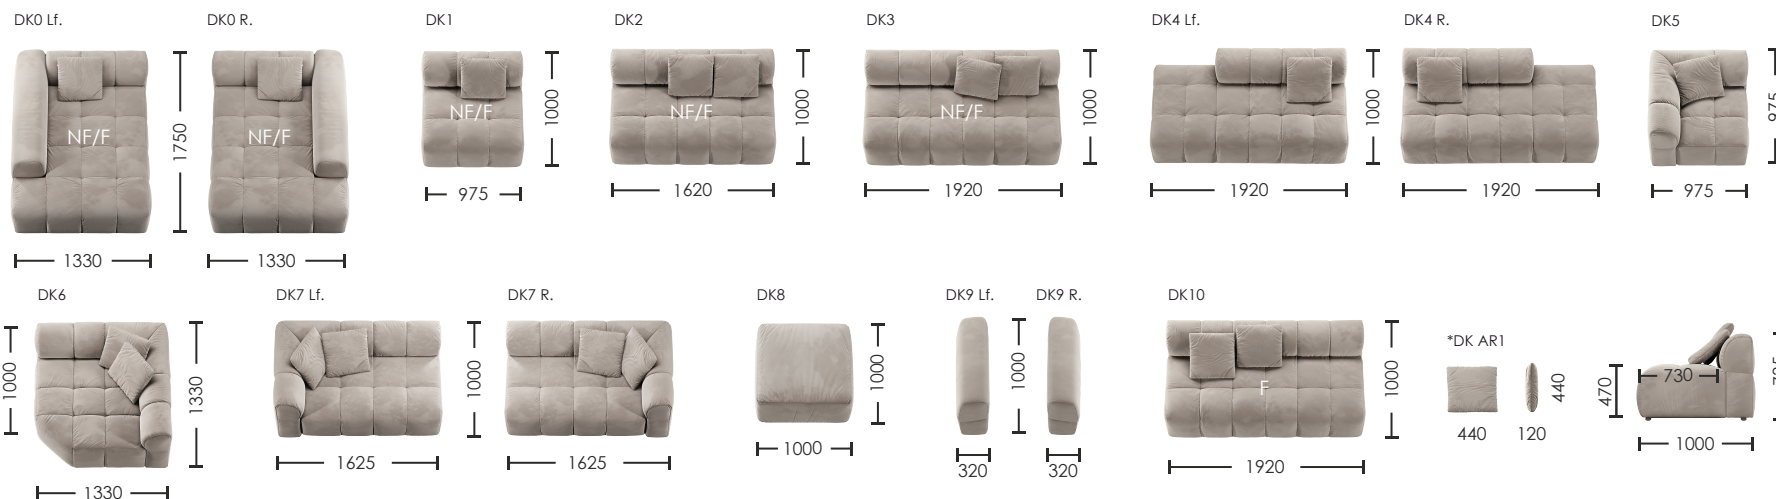

Dakar sofa is not just functional — it's versatile, perfectly adapting to the space and creating new relaxation arrangements. The sofa consists of 15 modules.

In addition to classic configurations, thanks to the special connectors, the modules are interchangeable, allowing you to create countless sofa layouts without being tied to the original design. Each module comes with a sofa cushion.

DAKAR

MODULAR SOFA

Dakar sofa features a special stitching technology that enhances comfort and creates a soft, textured feel on the fabric. It gives the sensation of a cozy blanket, making the experience of using the sofa even more pleasant and relaxing.

There's no need to limit your choice of upholstery, as this technology is suitable for all fabric types. The sofa's filling makes it one of the softest models in the **FRANKOF** collection.

DAKAR

MODULAR SOFA

The model is equipped with the “Eurobook” folding system, which transforms the sofa into a bed using a step mechanism.

A unique development from FRANKOF — the folding lounge. This is a novelty in the furniture market, unlike anything else currently available. This solution allows you to expand the sleeping area, which is especially convenient for guests or family relaxation. If needed, it's possible to unfold only this module, creating a shared sleeping space for a single person.

FRANKOF

You can break up the overall look of the Dakar sofa with an additional side pouf. Its design stands out from the other modules, as it does not feature decorative stitching.
