

MOA BED

FRANKOF

MOA BED

FRANKOF

MODEL FEATURE

1. Stylish design

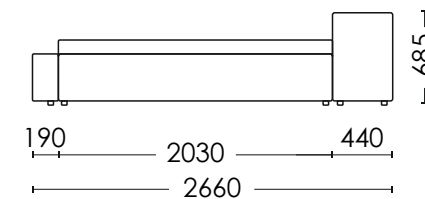

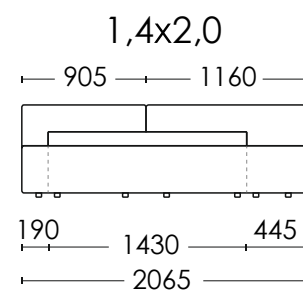

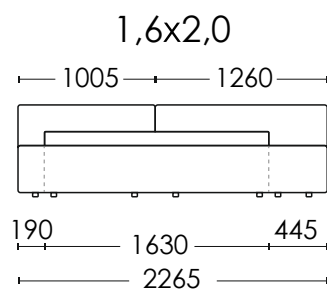

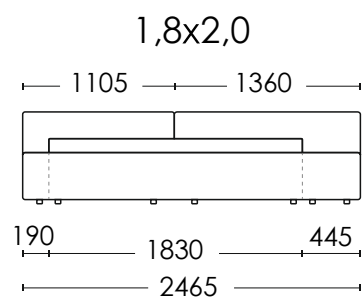

2. Lift-up mechanism with a storage compartment.

3. Low rectangular headboard.

TECHNICAL DRAWINGS

Experience pleasure and aesthetic satisfaction with the “Moa” model. The bed is an essential attribute and the central element of any bedroom.

Caring for your healthy sleep is one of the top priorities of the upholstered furniture factory FRANKOF.

The harmonious combination of clean lines and the original side design of the “Moa” bed becomes a true highlight, while the consonance of straight contours completes the overall composition of your interior.

The low rectangular headboard allows you to complement the walls with décor without overwhelming the room's space.

The bed features spacious storage compartments accessed via a lift-up mechanism with pneumatic struts. Orthopedic beech slats with a metal frame ensure comfortable rest without concern about excessive load.

Give the “Moa” bed its own character by choosing the color palette and texture from a wide selection of fabrics by top textile manufacturers from Ukraine and Europe.
