

OTIS | MODULAR SOFA

FRANKOF

A new release from the FRANKOF upholstered furniture factory — the “Otis” sofa, designed for a relaxed and cozy home atmosphere.

FRANKOF

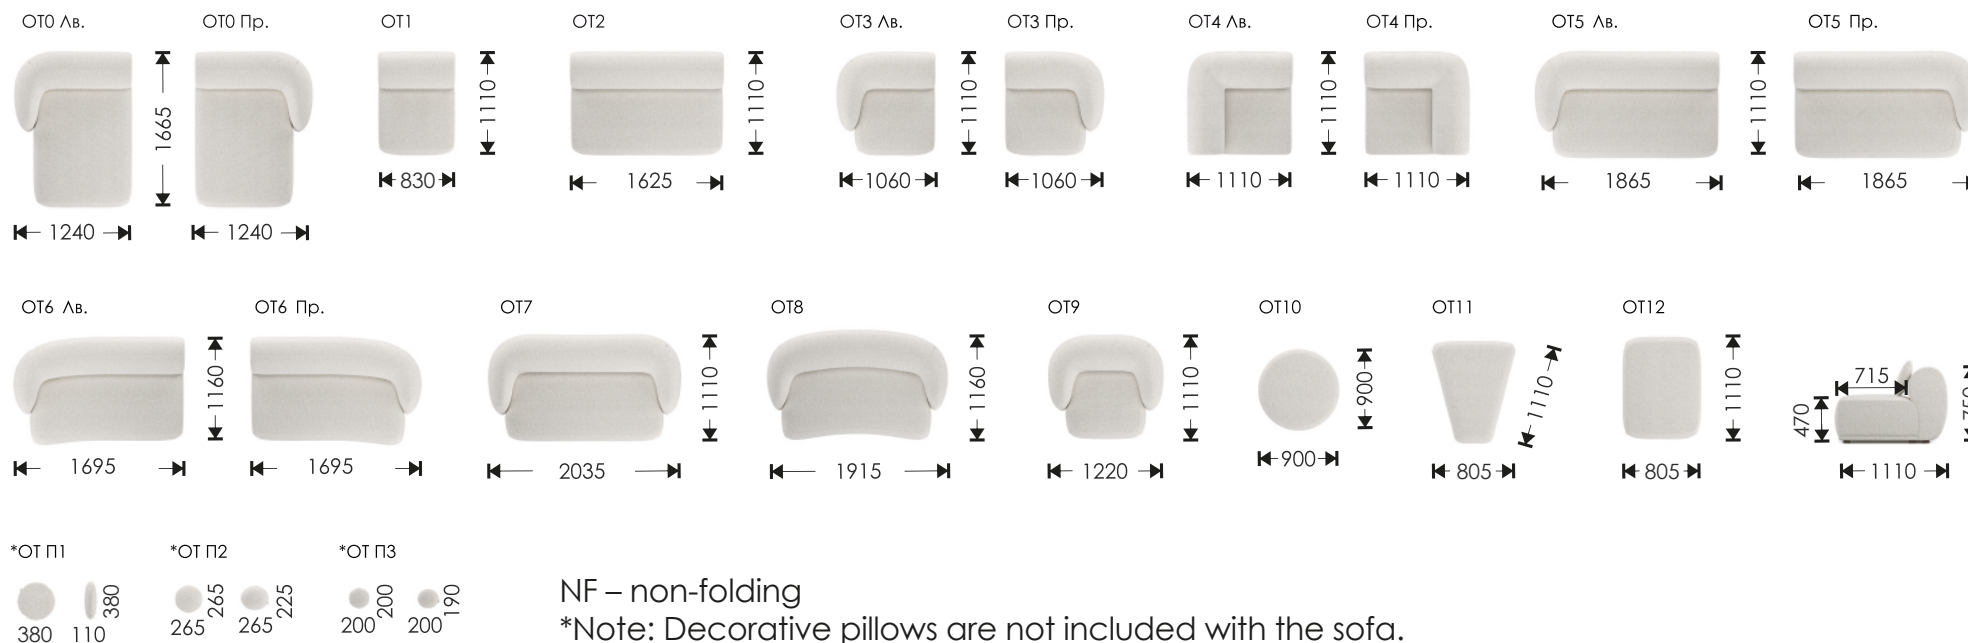

The popular rounded shapes of the “Otis” model reflect contemporary design trends. You can enjoy exceptional comfort thanks to the soft seat and backrest that seem to gently embrace the body. Its modular construction allows you to choose the desired configuration, adapting “Otis” to your personal needs and preferences.

The use of high-quality, eco-friendly materials in the sofa's production ensures durability and long-lasting reliability, while the wide selection of colors and upholstery textures lets you enjoy its beauty for many years.
