NIGHTSTAND

The main body of the table is upholstered in high-quality textured fabric, adding a sense of warmth to the piece. The top panel is made of natural wood, highlighting the authenticity of the materials.

The harmonious combination of textile and wood creates the perfect balance between softness and understated elegance.

A modern, curved, orange velvet nightstand is the central focus. It has a smooth, rounded design. A white pillow is placed on the left side. An open book with a blue and white illustration of a bird is resting on the right side. A dried branch is placed on top of the book. The background is dark, making the orange velvet stand out.
